

**REMARKS**

This Amendment is submitted in response to the May 14, 2008 Decision on Appeal, in which the Board affirmed the Examiner's rejection of claims 1-16 and reversed the Examiner's rejection of claims 17-20.

In view of the Board's reversal of the rejection of claims 17-20, Applicant respectfully submits that such claims are now in condition for allowance.

By this Amendment, Applicant cancels claims 1-6, 9 and 13-16, without prejudice or disclaimer. Further, Applicant amends claim 7 to be dependent upon claim 8.

Applicant submits that claim 8 is patentable for at least analogous reasons as claim 17, in regard to selection of a particular intermediate code rasterizing means from among a plurality of intermediate code rasterizing means.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
